

RV STORAGE LOT WAIT LIST

The Wait List policy is to go down the list to find an RV that fits the available space. So, as an example, if a 30' space becomes available, we go down the list to the first person with an RV that is over 25' but not over 30'. They will be contacted despite that person not being at the top of the list. This policy has been adopted to counter the old policy of allowing the person at the top of the list to have a 34' space for their 15' pop up trailer. The old policy gave smaller RV's an unfair advantage because larger RV's cannot be placed in undersized spaces. As it is, small spaces outnumber large spaces by a margin of 44 to 30.

In total, the lot has 74 spaces of which there are seventeen 20' spaces, six 25' spaces, twenty-one 30' spaces, versus fifteen 34' spaces, twelve 36' spaces, and three 38' spaces.

Additionally, owners of RV's that are already on the lot might be on the Transfer List which has priority over the Wait List. However, the Transfer List does not reduce the number of available spaces. It simply allows lessees to trade spaces or move to a more convenient space when one becomes available.
