

HG Photo Club Lobby Demo TV

Problem – Losing Display Space

- **Old system** - we hung framed photos on Library Wall
- **Monthly replaced photos** with new one, reused the existing frame. Clumsy & expensive.
- **Exposure limited**...only people who see it are going to Arts & Ceramic lab or Sky View room.
- We looked at putting a monitor on wall outside library...issues, power, ok but still small audience

Alternative Appeared

Restaurant Committee looking for 'new décor' thought our idea was just what they wanted.
(prior to Cormac).

- **Member donated old desktop PC**
- **Setup PC in Rendezvous**
- **Used Windows 11, pics in folder**
- **Used PC Scrn Saver – trigger pics**
- **If lose power, PC reboot starts pics**
- **Worked good for 1-2 years**
- **Now emphasis on sports not scenery**
- **Current show time ~ ½ to 1 hr per wk**

New Idea – TV in Lobby!

- Used small TV & stand when not used in classroom
- Worked ok for about a month summer '24
- After class use, had to track down TV
- New LifeLong Learning group donated a Large screen TV & Cart (neat gift) BUT...
- It got busted in a couple weeks
- Now Down for repair
- Results, we lost use of the small TV/Stand
As more and more classes are using TV
